General information:

National meeting of Sathya Sai devotees is a spiritual meeting. And it's up to us whether we would create and uphold atmosphere of brotherhood and love. It has to be helpful for all of us in individual spiritual work inspired by person, life and teachings of Bhagawan Śri Sathya Sai Baba. It's not a social meeting and it's not an opportunity to advertise professional activity of its participants connected with healing, holistic treatment or other spiritual paths or any other activities that are beyond Sathya Sai Organisation activity.

CODE OF CONDUCT:

1. Try to focus on inner experience of God in your heart, which is most felt in the silence. Try to silence your mind and talk the least. If you speak, speak softly and in a delicate way.
2. Use the opportunity, that gives you this meeting, to arouse in yourself the greatest love for God and world. Take part in prayers, meditation, singing and those panels, that are interesting for you.
3. Remember that atmosphere of peace and love is not born from nowhere – we all create it. You are an embodiment of love. Feel it and the world around you will shine.
4. Restrain from smoking cigarettes, if you have to smoke do it in a desolate place, so that your habit will not disturb others. Drinking alcohol is absolutely unacceptable.
5. Food served during meeting is vegetarian. If you do not order food from canteen, respect non-violence rule, and if you eat meat – refrain from it during meeting.
