

Highlights of the Sri Sathya Sai World Youth Conference

A grand spectacle of world unity was witnessed when over 6,000 youth from 86 countries of the world congregated at Prasanthi Nilayam to participate in the Sri Sathya Sai World Youth Conference held on July 26 – 28, 2007 in the Divine Presence of Bhagavan Sri Sathya Sai Baba. This conference was unique in that Bhagavan blessed the youth of Sri Sathya Sai University to participate and attend the conference as delegates. The theme of the conference was, “Ideal Sai Youth – Messengers of Sai Love” and the five human values of Truth, Righteousness, Peace, Love and Non-violence. The venue of the conference was Sai Kulwant Hall which was befittingly decorated with colourful festoons, buntings, flowers and banners with Bhagavan’s main teachings. The highlights of the conference were the Inaugural and Valedictory Addresses of Bhagavan, a grand rally of the youth, inspiring talks by eminent speakers, four workshops on the theme of the conference, a variety of cultural and music programmes and a friendly basketball match between India and Sri Lanka. An exhibition was also set up on this occasion which depicted the story of the transformation of youth worldwide and explained the modes of transformation.
