6th October 2023

To: Zone Medical Directors (for circulation to all Healthcare professionals)

Subject: East Africa Medical Camps (2024)

Dear brothers and sisters,

Please see enclosed confirmed dates and venues for our SSSIO medical camps in Zone 9 in East Africa (Uganda, Kenya, Tanzania) in 2024. As you may know, Swami made His first and only visit in His physical form outside India to East Africa to visit Uganda and Kenya in June 1968. Relative greater need and request of medical services prompt us to take Sai Love to these countries in the form of medical camps.

We will need health professionals from diverse specialties to make this a worthy mission. If you are a health professional and would like to directly join us in this medical mission, please contact your respective Zone Medical Director to register your interest by writing to your Zone Medical Director with a copy to Sis. Urvi Widhani, Secretary of International Medical Committee at uwidhani@sathyasai.org and kindly also fill the following link: <https://forms.office.com/r/Uh26m8dWNz>. Please include your full demographic details, state your specialty, and ensure you have current practicing certificate and registered to work in your country. You can also contact Dr Dinesh Lal, Chairman of International Medical Committee SSSIO at dlal@sathyasai.org if you live outside Africa and Dr Sunil Kadiyala, Zone 9 Medical Director at skadiyala@sathyasai.org if you live in Zone 9, should you have any clinical questions or need any other details relating to the project.

Registration of all Volunteers will close end of January 2024, two months before the camps commence for logistical reasons, so please register your interest early and save the confirmed dates in your calendar.

All relevant documentation and detailed information will be sent to you once your participation is confirmed.

Healthcare professionals in the following specialties would be particularly in high demand at these camps and include: *General Physicians (Family Physicians), Internal Medicine specialists, Dermatologists, Pediatrics, Gynecologists, Optometrists, Ophthalmologists, Physiotherapists, Dentists and Dental Assistants , Pharmacists, Lab Technicians, Nurses, General Surgeons (able to do minor lump and bump surgeries), Psychiatrists , Dietitians. We will consider other specialties as per our need in these camps hence feel free to declare your interest even if you fall outside the above specialties.*

Devotees who can't participate physically but would like to contribute towards purchase of medications (for free dispensation to patients) and purchase of medical equipment/instruments for the camps can do so by contacting Sis. Urvi Widhani at uwidhani@sathyasai.org (who will direct you to appropriate World Foundation account).

All Participants in these series of camps will pay for their **own** flights, accommodation, Transportation and Registration costs with relevant host country Medical Council.

Om Sri Sai Ram

Yours sincerely,

Dr Dinesh Lal

Chairman, International Medical Committee, Sri Sathya Sai International Organization (SSSIO)
