

Living in God; Day to Day with Sai

Labor Day Weekend, Aug. 31 – Sept. 2, 2019

Cathedral Ridge – Woodland Park, Colorado

Guest Speakers / Musicians

Dr. Sunder Iyer

Dr. Sunder Iyer is an alumni of Sri Sathya Sai Institute of Higher Learning. He was in the first group of students to join Swami's college at Puttaparthi in 1979 and subsequently earned his PhD. in Banking and Finance. He also had the privilege of being a personal attendant of Swami during his student days. Brother Sunder not only witnessed Swami in His day-to-day life, but also was privileged to be personally guided by him. Swami graciously married Sunder and his wife Maya in Prashanti Nilayam in 1992.

Sunder's passion is practicing and teaching yoga and he received a gold medal for yoga from the Divine hands in 1984 at the Sai University. Everything he learned about yoga, he learned at Swami's Lotus Feet and from visiting masters. His passion for spreading the message of Sai through yoga and meditation, has taken him around the world, conducting yoga and meditation camps.

In 2011 brother Sunder took an early retirement from his IT career and now dedicates his life to spreading the message of YOGA, WELLNESS and ONENESS. Dr. Sunder Iyer created the International Center for Yoga, Vedanta and Human Advancement in his home, under the name Kaivalya Yoga Gurukulam.

Madhavan Rajagopalan and Sachin Potdar

Madhavan Rajagopalan and Sachin Potdar met at the Sai Center of Dallas in Bal Vikas more than 20 years ago. Influenced by Sai bhajans and popular American music, they began performing their fusion music at Center bhajans, Swami's birthday celebrations, Easwarrama Days, and Region X retreats.

Sachin and Madhavan have been performing their own brand of music locally in the DFW area for the last decade. They've played at parks, clubs, restaurants, coffeehouses, and various events all across the Dallas metroplex. While they enjoy sharing their music and raising awareness and donations for good causes, their ultimate goal is to spread the message of LOVE.

Music is the great communicator and there is no better message to convey than love and positivity. We are very excited to be sharing our message in Colorado this year!

Sachin has a Bachelor of Science in Business Administration and a Masters of Information Systems from the University of Arkansas.

Madhavan has a Bachelor of Science in Electrical Engineering and is currently completing his Masters of Science in Biomedical Engineering from the University of Texas at Arlington.

The retreat will offer

Sai Spiritual Education programs for the ages 5 to 15 and service opportunities.
