

# SERVE THE PLANET

## HIGH LEVEL PLAN FOR 2019

# BACKGROUND

Sathya Sai Baba has spoken at length about the connection between God, Nature and Man and the need for us to practice Human Values and Ceiling on Desires, both to take care of our environment and for our own spiritual upliftment.

Serve the Planet (STP) is a Young Adults (YA) led initiative of the Sathya Sai International Organisation (SSIO) that has been raising awareness and inspiring action over the last two years on the environmental issues affecting our planet today.

We have seen many actions being taken around the world – study circles on themes related to environment, tree planting, clean-ups, gardening and solar energy projects, many Sathya Sai Centres/Groups reducing their waste, eliminating single-use plastic, conserving energy, and shifts in the personal lives of devotees.

# FOCUS FOR 2019 - TIME FOR ACTION

Building on momentum from previous years as well the interest generated from the Go Green Conference 2018, the theme for 2019 is '**Protect the Planet - Time for Action**'.

The STP Team will seek to leverage existing content, media and knowledge and support Sathya Sai Centres/Groups and members to move into practical action.

The Team will also work closely with the SSIO Environmental Sustainability Committee as well as other International YA subcommittees: the Sadhana of Love, Love All Serve All, Sathya Sai International Leadership Programme and the Young Adults Talent Development programme, in furthering these efforts.

# OBJECTIVES

- ❑ Deepen understanding on Sathya Sai Baba's teachings and how to apply these in daily life through regular online webinars and study circles
- ❑ Set up a network of Go Green Champions and create a platform for sharing of best practice, case studies, peer learning and supporting efforts on the ground
- ❑ Support practical implementation of Go Green efforts through creating toolkits and informative media that can be used by all, especially Go Green Champions
